Tel/WeChat/WhatsApp: +86-17373679549

E-mail: sales@wd-genset.com

Address: Southeast corner of the intersection of Pingshang South Road and Shutang Road, Bishi Town, Miluo City, Hunan Province, China

CUMMINS ENGINE

- Sino-US joint venture, authentic Cummins brand
- Power coverage 25KVA~1875KVA
- Advanced design for harsh working conditions
- Approximately 40% fewer parts than other similar engines
- Support global warranty

PERKINS ENGINE

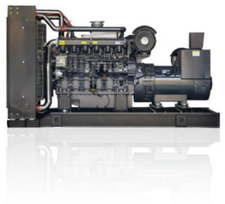

- World-renowned, legendary British engine manufacturer
- Power coverage 13KVA~2250KVA
- Excellent vibration damping performance: based on computer dynamic simulation
- Low noise: tailor-made exhaust noise elimination system for each unit
- Low oil consumption rate, long operating life, long overhaul time

YUCHAI ENGINE

- China's first-line brand with a long history and the first local market share
- Power coverage 25KVA~3750KVA
- 150+ after-sales service stations overseas
- Highly reliable, powerful and cost-effective
- Energy saving, environmental protection, high reliability, strong loading capacity and good maintainability.

GENERATOR SET WANDING INTELLIGENT TECHNOLOGY

SDEC SHANGCHAI ENGINE

- China's first-line brand with 70+ years history, Compact shape, strong adaptability.
- Power coverage 12KVA~2250KVA
- Optimized design of diesel engine lubrication and cooling system
- Altitude plateau area, power drop less than 3%.
- Stable quality, reliable performance, simple operation, easy maintenance.

WEICHAI ENGINE

- Optimize the configuration of engine intake and fuel system to explore the potential of the engine,
- Low fuel consumption.
- Power coverage 22KVA~2250KVA
- High cold adaptability: at -15 ℃, the engine can start directly without auxiliary measures.
- Altitude adaptability optimize intake and exhaust structure

SME ENGINE

- Joint venture between SDEC and Mitsubishi
- Power coverage 625KVA~2250KVA
- Products enjoy Mitsubishi Heavy Industries' global service network
- Large displacement, high power, high cost performance, high reliability
- All core components are produced by Mitsubishi Heavy Industries

DEUTZ ENGINE

- Compact structure, small size with light weight
- Power coverage 20KVA~500KVA
- World level low fuel consumpting at full-load
- Simple structure and easy to maintain
- Small vibriation and low noise

ABOUT US

20000+ Factory area(m²)

20+ R&D staff

25+ Years of experience

Hunan Wanding Intelligent Technology Co., Ltd., founded in 2019, is a distinct subsidiary that was spun off from its parent company, Changsha Wanding Mechanical Equipment Co., Ltd., We stand as a leading manufacturer of diesel generators in Central China, offering a comprehensive range of services that encompass design, production, installation, environmental protection, noise mitigation, sales, and technical support.

Equipped with state-of-the-art facilities, we boast fully automated spray lines, modern paint booths, precision laser cutters, bending machines, and a wide range of testing equipment capable of handling loads from 3 to 2000KW. Our product portfolio extends from 3KW to 3000KW units, including open type units, automatic models, intelligent grid-connected frequency modulators, super silent units, mobile power stations, silent power stations, containerized power stations, as well as marine generators – providing tailored backup power systems for diverse industries.

Beyond establishing a strong presence in the Chinese market, our products have also gained recognition worldwide, exporting to regions such as Europe, South America, Australia, Africa, the Middle East, and Southeast Asia.As a global player, we continue to deliver innovative solutions for power backup worldwide.

Our belief Sincerity can create perfection

Our principles Customer first, service first, quality first, integrity first

Our team Mutual respect and understanding,close cooperation, thinking and innovation

Our style Dedicated, diligent, loyal and efficient

Enterprise qualifications
